

### **The WICT Network: Southeast's response to COVID-19:**

We continue to monitor developments regarding COVID-19 and look to the WHO, CDC and local authorities for guidance. Program dates, content and attendance capacity may shift to accommodate virtual formats or safe physical distancing. We will provide updates as they become available. The health and safety of participants and our staff is our highest priority. To lower the risk of spreading germs, The WICT Network: Southeast is requiring proof of COVID-19 vaccination or proof of negative COVID-19 test for all in-person events. The detailed COVID Protocol Update can be found [here](#). The form can also be downloaded in advance [here](#). Rest assured, The WICT Network, along with our partners, are taking precautions to ensure a safe and healthy experience. We will provide necessary updates as they become available and continue to add more information as program dates approach and/or in the event of changes to guidelines or policies from organizations such as WHO, CDC, local and state authorities and our partners.

*Program updates are current as of January 18, 2022.*
